

2016 Sea Base Scuba Adventure

Scuba Adventure

Come dive the coral reefs and wrecks of the Florida Keys. Designed for certified divers, this program offers eleven dives (weather permitting). Explore the only living coral reef system in the USA, diving sites like Alligator or Tennessee Reefs, exploring uncharted dive sites up and down the Keys or adding to Sea Base's own artificial reef.

Your dive itinerary features a night dive, a deep dive (to 60 feet), marine life studies, and other underwater adventures. All food, lodging and equipment is included. You must be a certified diver to participate in this adventure. This is an eight-day event. Explicit health concerns require a special medical acceptance in this program.

Scouting can take you to a whole new world.
